# PROBIOTECH INTERNATIONAL

INNOVATION, COUPLED WITH PERFORMANCE,  
MAKE PROBIOTECH AN IDEAL PORTFOLIO  
FOR POULTRY APPLICATIONS.

York Ag is an authorized U.S. distributor of innovative poultry solutions from Probiotech International.

Probiotech International is a well-established Canadian company with more than 25 years of experience developing solutions for the animal nutrition industry.

Probiotech believes that animal physiology at the molecular level is the basis for the development and market of feed additives solutions. Their team works in collaboration with leading research institutes and universities around the globe in order to create products that improve animal performance and well-being while increasing profit for the farmers.

Probiotech's track record includes developing innovative solutions in partnership with feed manufacturers, premix companies, and integrators across Canada and the United States.

With a wholesome portfolio of botanicals and fatty acids to support animal well-being, Probiotech Poultry Solutions complement animal nutrition requirements for layers, pullets, broilers, ABF/NAE broilers, and turkeys.

Contact our York Ag team today and let us share the most suitable Probiotech products for your specific animal nutrition needs. Visit [www.yorkag.com/probiotech](http://www.yorkag.com/probiotech) for further information.

Using scientific innovation, Probiotech contributes to the changing world of animal nutrition in North America.
