Everyone Deserves a Nutritious Meal®

News Release

York Ag Sponsors 57th National Meeting on Poultry Health, Processing, and Live Production

The Delmarva Chicken Association organizes poultry conference to share research and policies regarding poultry diseases, processing, and managing bird health and animal welfare.

(York, Pa., September 28, 2022) York Ag, a dynamic supplier of holistic ingredient solutions that optimize animal well-being, has become a gold sponsor of the 57th National Meeting on Poultry Health, Processing, and Live Production (October 3-5, 2022) organized by the Delmarva Chicken Association. Founded in 1948, the Delmarva Chicken Association is the 1,600-member trade association working for the common good of the meat chicken industry in Delaware, the Eastern Shore of Maryland, and Virginia's Eastern Shore.

As a member of the Delmarva Chicken Association, York Ag supports the growth of the poultry industry with its wholesome portfolio of holistic ingredients. This poultry conference gathers veterinarians, processing facility managers, quality assurance managers and supervisors, grow-out managers, live production managers, flock supervisors, growers, pharmaceutical representatives, allied businesses, government regulators and officials, research faculty, university extension and others involved in the poultry industry.

York Ag believes Everyone Deserves a Nutritious Meal®. In 1988, York Ag launched YORK CALCIUM CHIPS®, the egg laying industry's preferred coarse calcium standard to create a superior eggshell. Since then, its poultry portfolio has expanded to include national and international brands such as Hilyses®, a natural yeast-based additive, used in poultry feed formulations to support animal well-being with its vitamins, minerals, free nucleotides, beta-glucans, and mannan oligosaccharides (MOS).

York Ag is also an authorized distributor of PECKStone™ pecking blocks, a unique poultry enrichment tool designed specifically to prevent and reduce abnormal pecking behavior and improve animal welfare. In addition to natural yeast additives and pecking blocks, York Ag is an authorized distributor of PROBIOTECH, a premier brand of natural additives for poultry that help in gut health, stress, respiratory, parasite, and insect challenges, as well as litter control.

"York Ag has worked in the egg and poultry industry for more than 30 years. We're delighted to support the Delmarva Chicken Association in bringing industry professionals to learn more about today's poultry challenges and solutions," said Bill Achor, President and CEO of York Ag.

Expecting more than 400 attendees from across the United States, the Delmarva Chicken Association prides itself in gathering experts in poultry diseases, processing, bird health management, and animal welfare.
