Everyone Deserves a Nutritious Meal®

News Release

York Ag Sponsors the Cornell Nutrition Conference 2022

For 84 years, the Cornell Nutrition Conference has provided industry-leading research and information to feed industry professionals and nutritional consultants.

(York, Pa., October 12, 2022) York Ag, a dynamic supplier of holistic ingredient solutions that optimize animal well-being, has become a gold level sponsor of the Cornell Nutrition Conference 2022 (October 18-20, 2022) organized by the College of Agriculture and Life Sciences at Cornell University. Since 1903, the College of Agriculture and Life Sciences (CALS) has linked basic and applied research for the benefit of animals and people.

The Cornell Nutrition Conference 2022 will bring more than 20 speakers covering diverse topics such as "Field to Fork: Pioneering Microbial Science for a sustainable future during unprecedented times", " Nutritional Opportunities and Challenges with Robot Milked Cows", "Varying Proportions of Alfalfa and Corn Silage for Lactating Dairy Cows", among others.

York Ag believes Everyone Deserves a Nutritious Meal®. Its ingredients portfolio includes multiple products such as BOVAZYME®, BOVAZYME® Organic, RYeast40®, Hilyses®, and Kender BioTech. "We are delighted to sponsor the Cornell Nutrition Conference because it gathers dairy producers and industry professionals in a superb learning event," said Bill Achor, President and CEO of York Ag.

CALS top-ranked programs include studies in community and rural development, environment and natural resources, food and nutrition, communication, applied economics, agriculture, international programs, and life sciences. "We know the value Cornell brings to the animal science community, and are happy to support their efforts", said Achor.

York Ag has more than 30 years of history bringing innovative, dependable, and effective ingredient solutions to feed manufacturers, livestock consultants, and animal producers. In the early days, York Ag focused on the egg and poultry industry and has gradually expanded its portfolio to other animal species including, beef, dairy, swine, equine, gamebirds, pet food, and aquaculture.
